That’s My Brick!® uses a patented, laser-based marking process that produces a layer of black, fused glass on any color surface of the brick or tile. The marks are flush with the surface of the brick or tile, which means less maintenance and no chance of wear-based damage.

All samples passed each of the ASTM-specified test conditions (Freeze/Thaw cycling, Salt Spray exposure, Ultraviolet Light exposure) with flying colors. The independent testing has proven that bricks marked with our process and installed properly in your project will last longer than our lifetimes.

Proceeds from the brick fundraising campaign will provide for future needs at Independence Square.
Independent Home Care, Inc. has established a “Living At Home With Dignity” campaign to provide the opportunity for individuals, families, businesses and groups to create an engraved brick in honor or in memory of someone special, or simply to designate support for Independence Square.

A safe, affordable, fully accessible apartment complex, consisting of 74 one, two and three-bedroom units, located at the southern gateway to the City of Newburgh, Independence Square represents a dream-come-true for this community, and will be a highly desirable place for individuals and families to live, work and play.

Bricks may be purchased beginning June 26th and there will be a limited supply, so order before December 31, 2014 to ensure your brick is included when we hold the dedication ceremony next Spring.

For more information, please visit our website at:
www.independenthomecare.org

Brick Options
